also, the proposals made have been made after the most careful scrutiny and I deliberately beg to state that they are needed for the progress of the schools. In large schools, renewals are needed and though the total number may appear large, it should be remembered that the number of schools for which they are proposed is large also and each school (only the larger ones) will not get more than one renewal.

In this year's Budget no provision seems to have been made for opening more Schools — as was done last year when a lump grant of a lakh was provided. The D.G. has explained the nature of the other lump grants made in this year's Budget.

The recommendations of the Inspector-General so far as they relate to expansion of Elementary Education are in accordance with the orders of Government dated 2nd July 1914 and have to be sanctioned. There is no provision expressly made in the current year's budget for meeting this charge. The expenditure being, however necessary, there is no use putting it off for being incurred from next year after provision is made for it in the budget of that year. The Inspector-General points out grants in the budget from which the charges to be incurred this year can be met. These grants are intended for other purposes but if they are not required for such purposes this year and if the savings indicated are actual, there is no objection to meet the cost of the proposals to be incurred this year from the sources pointed out.

A statement showing the cases referred to in para 51 of the Members note supra is put up. It would be however misleading to judge by that standard as the number of teachers giving existing required instruction includes gymnastic masters, Singing teachers, needlework teachers &c who are more or less extra to the regular Strength of the school. It would perhaps be fair to judge by the number of teachers ~~available~~ giving General instruction - In that case we may perhaps take the standard 1 teacher per 25 boys or 30 boys. Data for such an examination are not given in the lists sent by the D.I.

56 It is not ~~how~~ also possible to apply the test of 1 teacher per class as the number of classes in each school

Final Note by the First Member of Council.

Subject:- The opening of new schools and the strengthening of the existing institutions in the State.

ot In pursuance of Government Order No. 34-44/Edn. 374-13-2 dated 2nd July 1914 indicating the scope of the operations --- required for the improvement of Primary Education in the State, the Inspector General of Education has submitted proposals:-

Paper under disposal.

(i) to open 130 new schools at a recurring cost of Rs.22,878/- per annum.

and (ii) to strengthen the existing schools at a recurring expenditure of Rs.52,787$\frac{2}{5}$ per annum.

Of this the additional expenditure on account of State Institutions is Rs.23,176$\frac{2}{5}$ and that on account of the Village Fund institutions Rs.52,489/-.

A non-recurring grant of Rs.17,000/- is also applied for towards the equipment of the schools.

The proposals are on the whole necessary and may be ---- approved, as in the draft order proposed.

Draft for approval

There are, however, two points which naturally arise for considerations in this connection.

1st. The revision of the form in which the proposals are submitted, so as to exhibit the average number of pupils per teacher in each institution included in the list.

2nd. The advisability of discontinuing the practice of providing a cart for the conveyance of students to and -- from Hindustani Girls' Schools, so as to apply the funds --- thus liberated to more useful purposes.

These will be considered separately.

SIR,

× May × With reference to your letter No.1799/Edn.12-14-97 dated the 5th instant calling for additional information regarding the special grant of Rs.17,000 proposed for the equipment of Government Schools old and new, I have the honour to forward herewith for your perusal a copy of Notification D. No.31 dated 27th January 1914 fixing the minimum equipment for each village school. The number of new schools to be opened during the current year is 130 and the sum of Rs.17,000 applied for to equip these as well as older schools, some of which have increased in strength while others are yet to be properly equipped is extremely moderate. Lists of articles to be purchased, their rate etc., will be submitted for the information of Government after the sanction of Government is received for the present proposal. I request you to be good enough to obtain early the orders of Government in the matter.

EDUCATION DEPARTMENT.

Notification D. No. 31, *dated 27th January* 1914.

IMPROVEMENT OF VERNACULAR SCHOOLS.

Among the arrangements that are to be made for the Improvement of Vernacular Schools the following may receive immediate attention :—

(1) All schools provided with buildings according to the type design should be properly equipped.

The following may be considered the minimum equipment; and efforts should be made to equip accordingly :—

(i) Furniture.

A chair, a table, two benches, a box or a small almirah, two black boards, planks or mats for pupils to sit on and low desks 10″ or 12″ high.

(ii) Books.

(1) Mr. Venkatasubbaiya's kindergarten instruction.
(2) Nitichintamani 3 Parts.
(3) Panchatantra.
(4) Æsop's Fables.
(5) Kathamanjari.
(6) Kathavali
(7) Katha Sangraha.
(8) Dharma Bodhe.
(9) Kindergarten Games and Stories.
(10) Hindu Games by Mr. Srinivasa Rao.
(11) A Manual of Drill.
(12) Lekhya Bodhini.
(13) A Brief History of Mysore.
(14) Balabhuvivarane.
(15) Balabodhe.
(16) I and II Readers.
(17) Ankaganita Balasikshe.
(18) First Standard Arithmetic and Arithmetic for II and III Standards.
(19) Ganita Kalanidhi.
(20) Amara.

(iii) Maps and other appliances.

(1) Plan of school.
(2) Village map, Taluk map.
(3) Map of Mysore, map of India, map of the world.
(4) A Globe.
(5) A ball frame and a sufficient quantity of tamarind or other seed.

(12) Kindergarten Gifts.
(13) Wall sheets to illustrate colour and shape.
(14) Picture alphabet and reading sheets.
(15) A knife and a pair of scissors.
(16) A set of garden tools where required.

2. Every school so equipped should be placed preferably in charge of a trained teacher, necessary arrangements being made by suitable transfers.

3. It should be the aim of the teacher to make every effort not only to give a practical turn to instruction in the ordinary subjects of the school curriculum but also to introduce into his school some form of hand work mentioned in the Report of the Practical Education Committee.

4. Besides attending to the ordinary work of the school the teacher should persuade the elderly boys of the school and the people of the village to attend school in the evening for an hour or so on two or three days in the week, when he might read or cause a pupil to read instructive and entertaining stories or extracts from the week's newspapers. Where people desire to learn to read and write, he should open an aided night school and teach the 3 Rs. for three days in the week. In short, the teacher should feel it his duty not only to instruct the young but also to educate the adult population by means of readings, lectures and regular night classes.

SIR,

With reference to Government Order No.34-44/Edn.374-13-2 dated 2nd July 1914 indicating the scope of the operations required for the improvement of Primary Education in the State, I have the honour to submit herewith two statements, one of new schools proposed to be opened and another of increases and additional hands for existing schools.

2. As regards new schools, it is proposed to open 130 schools this year which include 58 girls' schools and 16 Pancha ma schools. Of the remaining 56 schools, so many as 46 have been proposed for the Malnad parts of Hassan, Kadur and Shimoga Districts, where it is difficult to open Aided Village Elementary Schools owing to the paucity of qualified men. It may be state also that 4 schools for the hill tribes of Heggadadevanakote and Gundlepet and 3 schools for the wandering Mahratta Kumbis who a being settled in the Sagar Ghat have also been provided.

3. The cost of the new schools will amount to Rs.22,878 per annum as per details given below:-

P.T.O.

No.		No. of Schools.	Cost per annum Rs.
1.	Taluk Kannada Boys' Schools	1	210
2.	do. Girls' Schools	4	1,470
3.	Taluk Panchama Schools	4	696
4.	Village Elementary Kannada Boys' Schools	48	7,188
5.	do. do. Girls Schools	41	6,954
6.	Village Elementary Panchama Schools	12	1,788
7.	Taluk Hindustani Girls' Schools	5	2,028
8.	Village Elementary Hindustani Boys' Schools	7	924
9.	do. do. Girls' Schools	8	1,620
	Total	130 schools	22,878

4. Next, for the improvement of the existing schools, it is proposed to employ 301 additional teachers in those Schools in which the staff is numerically weak and where the need is imperative. The total strength in the existing schools rose by more than 26,000 pupils in the past official year and it is also believed that there has been a considerable addition since the beginning of the present official year. Hence the need for more teachers. Of the 301 teadhers, 29 ar intended for Anglo-Vernacular Schools in Taluk stations, 9 for Taluk Kannada Boys' Schools, 21 for Taluk Kannada Girls' Schools, 4 for Local Fund Anglo-Vernacular Schools, 188 for Village Elementary Kannada Boys' Schools, 11 for Village Elementary Kannada Girls' Schools, 3 for Village Elementary Panchama Schools, 2 for Anglo-Hindustani Schools, 22 for Taluk Hindustani Boys' Schools, 4 for Taluk Hindustani Girls' School 6 for Village Elementary Hindustani Boys' Schools and 2 for Village Elementary Hindustani Girls' Schools. Besides these teachers, provision has also been made for 14 allowances for employing part-time music and sewing teachers in girls' schools

5. The cost for improving the existing schools will amoun

to Rs.51,957 per annum as per details given below under the different kinds of institutions.-

Kinds of Institutions.	No. of new teachers.	Cost of additional teachers.	Increases on account of peons, contingencies, House-rent etc.	TOtal. additional cost per annum.

6. As regards the source from which the cost of the above proposals which amounts to Rs.74,835 per annum or Rs. 24,945 for 4 months from February to May inclusive may be met during the current official year, I beg to point out that there is a lumpa addition of Rs.26,850 in the Budget under "18 Education, (3) Government Colleges, General" in connection

connection with the Honours Course classes. As the full amount provided will not be required this year, a sum of Rs.10,000 may be reappropriated for the purposes of new schools and increases. The balance of Rs.14,945 required on account of these proposals may be met from the lump addition of Rs.37,000 provided in the Budget for the revision of Industrial schools under "18 Education (5)" as the full amount provided will not be required during this year as half the year has already elapsed.

7. As regards equipment, recommendation has already been made in my letter No.8431/350 dated 18th November 1914 for sanctioning a sum of Rs.18,000 from certain savings in the Budget.

I request that Government may be pleased to accord sanction to the above proposals with effect from 1st February 1915.

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 12341 / 539

Bangalore, 20th January *1915*.

From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Secretary to the Covernment of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
BANGALORE

SIR,

I have the honour to bring to the notice of Government that the generous policy now pursued to develop education in all its branches has entailed very heavy work on the limited establishment of my office and it has become necessary not only to give relief to the existing hands but also to provide a few extra hands for the rapidly growing work. Similarly the question of increasing the clerical staff in the various subordinate offices of the Educational Department has also to be taken up at an early date. As a first step, the reorganization of my office is now taken in hand and the proposals submitted are deliberately drawn up on a modest scale.

2. The permanent establishment of my office is at present composed of a Manager, 5 Accountants and 10 clerks. Prior to 191 there were only 13 clerks and accountants as fixed in Government Order No.7119-20/Edn.366-06-5 dated 15th February 1910. In that year, as per Government Order No.8018-9/Edn.245-11-2 dated 30th April 1912, two more were added, raising the total number to 15. The present grade of the Manager, Rs.75-5-100 was fixed 13 years ago in Government Order No.806-7/Edn.18 dated 15th July 1902. On accoun

of

of the increase in the number of schools and developments in other directions, the work of the office has been rapidly increasing. The number of public schools which in 1911-12 stood at 2,567 rose to 3,001 on the 30th of June 1914. The opening of a large number of Aided Village Schools as sanctioned in Government Order No.12022-4/Edn.304-13-3 dated 30th May 1914 and the introduction of Compulsory Education have since added largely to the work done in the office. There are also a number of proposals now before Government, such as those for the opening of more Primary, Technical and Night Schools, which when sanctioned, will increase the work of the office. There is also the question of improving the existing Village Indigenous Schools numbering about 2,000, which is already under consideration. All this work means extra strain and pressure on the officials of my office. Three years ago the net expenditure on Education from Public Funds was as follows:-

State Funds	Rs.11,73,620
Local Funds	Rs.3,52,641
Municipal Funds	Rs. 28,648
Total	Rs.15,54,909

Now the total budgetted expenditure for 1914-15 stands at nearly Rs.24,00,000 in all. The number of incoming and outgoing papers of the office as shown below will indicate the large increase in the volume of work as a consequence of all these educational activities:-

	Incoming.	Outgoing
1911-12 ...	14,588	10,594
1912-13 ...	18,672	15,274
1913-14 ...	20,495	17,955

These numbers are exclusive of the number of grants-in-aid travelling allowance and other bills, cash accounts, etc., which

which are not registered in the office. This year the incoming and outgoing papers from 1st July last up to date stand as follows:-

Incoming	14,441
Outgoing	12,354

3. Partial relief has been given to the office by the employment of two temporary clerks on Rs.30 and Rs.25 sanctioned by Government in their Order No.667-8/Edn.12-14-2 dated 17th July 1914 and No.2360-1/Edn.12-14-124 dated 7th January 1915. There is still however a paucity of hands to cope with the increasing work. An additional typist has to be employed and help has also to be given to the Record keeper to enable him to arrange and keep the records in a more systematic manner. To satisfy all these requirements, two additional Accountants and one additional Clerk are needed, bringing the total number of officials including the Manager up to 21:

4. For the same reasons the menial establishment of my office also requires to be strengthened. The need of two watchmen to look after the building at nights is keenly felt and the Special Assistant who has been newly appointed requires the services of two orderlies for his purposes. A Jamadar is also needed raising the total number of menials from 15 to 20.

5. The total extra cost involved by the revision amounts to Rs.458 5/6 a month or Rs.5506 a year. The appended statements of the present and proposed distribution of work show at a glance the need for strengthening the establishment. The necessary proposition statement showing the present and proposed scales is herewith submitted and duplicate copies of the same have also been sent to the Comptroller for the necessary verification and submission to Government.

I request the favour of your obtaining early the order of

of Government on my proposals.

I have the honour to be,

Sir,

Your most obedient servant,

te. Shamrao.

SIR,

I have the honor to forward herewith duly verified a proposition statement in duplicate received from the Inspector General of Education, with a copy of its covering letter No.12341/539 dated 20th January 1915 addressed to you, about the revision of his office establishment.

2. The proposition is to absorb the present temporary establishment of two clerks on Rs.30/- and Rs.25/- respectively in the permanent establishment of the office of the Inspector General and to add three more clerks and five servants thereto. Only one graded appointment viz., that of the Manager on Rs.100-10-150 is proposed to be retained and fixed pay is substituted for the present graded pay of the Accountants and Clerks. The financial effect of the revision is an addition of Rs.516½ per month or Rs.6,198/- per annum to the permanent recurring expenditure of the State but if the reduction in cost under Temporary Establishment is taken into account the net addition will be Rs.5,538/- per annum.

3. The source from which the additional cost involved by the proposition is to be met if it is sanctioned during the current year has not been pointed out by the Inspector General. He has been

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 12341
539

Bangalore, 20th January 19

From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
BANGALORE

SIR,

I have the honour to bring to the notice of Government that the generous policy now pursued to develop education in all its branches has entailed very heavy work on the limited establishment of my office and it has become necessary not only to give relief t the existing hands but also to provide a few extra hands for the rapidly growing work. Similarly the question of increasing the clerical staff in the various subordinate offices of the Education Department has also to be taken up at an early date. As a first step, the reorganization of my office is now taken in hand and the proposals submitted are deliberately drawn up on a modest scale.

2. The permanent establishment of my office is at present composed of a Manager, 5 Accountants and 10 clerks. Prior to 191 there were only 13 clerks and accountants as fixed in Government Order No.7119-20/Edn.366-06-5 dated 15th February 1910. In that year, as per Government Order No.8018-9/Edn.245-11-2 dated 30th April 1912 two more were added, raising the total number to 15. Th present grade of the Manager, Rs.75-5-100 was fixed 13 years ago in Government Order No.806-7/Edn.18 dated 15th July 1902. On account

of

of the increase in the number of schools and developments in other directions, the work of the office has been rapidly increasing. The number of public schools which in 1911-12 stood at 2,567 rose to 3,00[illegible] on the 30th of June 1914. The opening of a large number of Aided Village Schools as sanctioned in Government Order No.12022-4/Edn.304-13-3 dated 30th May 1914 and the introduction of Compulsory Education have since added largely to the work done in the office. There are also a number of proposals now before Government, such as those for the opening of more Primary, Technical and Night Schools, which when sanctioned, will increase the work of the office. There is also the question of improving the existing Village Indigenous Schools numbering about 2,000 which is already under consideration. All this work means extra strain and pressure on the officials of my office. Three years ago the net expenditure on Education from Public Funds was as follows:-

State Funds	Rs.11,73,620
Local Funds	Rs.3,52,641
Municipal Funds	Rs. 28,648
Total	Rs.15,54,909

Now the total budgetted expenditure for 1914-15 stands at Rs.24,00,000 in all. The number of incoming and outgoing papers of the office as shown below will indicate the large increase in the volume of work as a consequence of all these educational activities:-

	Incoming.	Outgoing
1911-12 ...	14,588	10,594
1912-13 ...	16,672	15,274
1913-14 ...	20,495	17,955

These numbers are exclusive of the number of grants-in-ai travelling allowance and other bills, cash accounts, etc.,

which

which are not registered in the office. This year the incomin and outgoing papers from 1st July last up to date stand as follows:-

Incoming	14,441
Outgoing	12,354

3. Partial relief has been given to the office by the employment of two temporary clerks on .30 and ..25 sanctioned No.667-8/Edn.12-14-2 dated 17th July 1914 and by Government in their Order/No.2360-1/Edn.12-14-124 dated 7th January 1915. There is still however a paucity of hands to cope with the increasing work. An additional typist has to be employed and help has also to be given to the Record keeper to enable him to arrange and keep the records in a more systematic manner. To satisfy all these requirements, two additional Accountants and one additional Clerk are needed, bringing the total number of officials including the Manager up to 21.

4. For the same reasons the menials establishment of my office also requires to be strengthened. The need of two watchmen to look after the building at nights is keenly felt and the Special Assistant who has been newly appointed requires the services of two orderlies for his purposes. A Jamadar is also needed raising the total number of menials from 15 to 20.

5. The total extra cost involved by the revision amounts to Rs.458 5/6 a month or ..5506 a year. The appended statements of the present and proposed distribution of work show at a glance the need for strengthening the establishment. The necessary proposition statement showing the present and proposed scales is herewith submitted and duplicate copies of the same have also been sent to the Comptroller for the necessary verification and submission to Government.

SIR,

With reference to your letter No.4794/Edn.12-14-211 dated 12th May 1915 calling for fresh proposals for the revision of the Ministerial and Menial establishments of my office so as to limit the extra cost to Rs.3,600 per annum, I have the honour to enclose herewith a statement showing the present and the proposed establishment of my office. It will be observed from the statement that the additional cost on account of the revision amounts to Rs.3,598 per annum.

I have the honour to be,

Sir,

Your most obedient servant,

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION
IN MYSORE.

Bangalore, 12 June 1915

My dear Mr. Thomas,

In connection with the reorganization of my office, I have, as you know, submitted proposals involving the creation of a new post of Assistant Inspector to Rs. 3,600 a year, as required by Government. I find however that the services of a short-hand writer are needed for and seek an opportunity which will afford me considerable relief
